RELAXATION*

MOOD*

SLEEP*

MAXIMUM STRENGTH

FROM THE #1 DOCTOR RECOMMENDED BRAND

SLEEP Rx is an all-natural, prescription grade, triple action mood and sleep formula created by board certified medical doctors and sleep specialists*. Supplement with confidence knowing that every ingredient selected by our team of healthcare professionals is clinically dosed for safety and effectiveness.

Lack of sleep can negatively impact your hormones, heart, immunity, skin and mental health. SLEEP Rx is scientifically designed to help you relax, sleep faster, stay asleep longer and to wake up feeling refreshed. This time released, synergetic formula focuses on 3 targeted areas to promote restful sleep.

DECREASE STRESS*

L-Theanine and 5-HTP are two natural amino acids which work together to decrease stress and enhance your mood by regulating the natural hormone production of serotonin.

PROMOTE RELAXATION*

Valerian root, chamomile and magnesium work synergistically together to promote relaxation by regulating the natural neurotransmitter production of GABA.

SLEEP FASTER & LONGER*

Melatonin is a natural hormone which induces sleep and helps regulate the body's sleep/wake cycle. B6 is a vitamin which helps support melatonin production.
